

**Our mission is to help our customers protect the value and usefulness of their homes or businesses and properties by providing the best maintenance and most prompt repair service for their power generator.**

**Vision Statement**

Our vision is to create a company that:

1. Is responsive to our customer needs – We think we might know why you have a generator. It can't fail you when you need it...
2. Is guided by ethical business practices and is not only or merely driven by monetary gain.
3. Is filled with employees that have a passion for excellence and are most satisfied when the customer is happy. Plus, we're nice and friendly too!
4. Is dedicated to innovation and responsible growth
5. Gives back to the community
